

Participant Snapshot

Marc (Marcus Johnson)

Generated: February 6, 2026 at 12:22 PM

AT A GLANCE

254 days in program • 3 domains tracked • 3 milestones achieved • 1 active goals • 0 recent sessions

CURRENT STATUS

Marc is making significant strides in his recovery journey, demonstrating sustained recovery and full-time employment.

STRENGTHS & RECENT WINS

- Achieved sustained recovery for over 90 days as of November 28, 2025.
- Successfully secured full-time employment as of November 28, 2025.
- Currently in Phase III of the program, reflecting ongoing commitment to recovery.
- Increased recovery capital by 7 points, indicating growth in personal resources.

AREAS OF FOCUS

- Continue to work towards completing OSHA certification for construction employment.
- Focus on updating resume and applying to at least 5 positions per week to achieve full-time employment goal.
- Engage in additional support or resources to maintain momentum in recovery.

JOURNEY TRACKER STATUS

- Substance Use: Sustained Recovery (90+ days)
- Employment: Employed Full-time
- Program Phase: Phase III

ACTIVE GOALS

- Within 60 days, I will obtain full-time employment in the construction industry by completing my OSHA certification, updating my resume, and applying to at least 5 positions per week. (65% complete)

RECENT SESSION THEMES

No recent sessions have been held, indicating a potential area for re-engagement.

RECOVERY CAPITAL

Latest Score: 48/60 (80%)

Trend: !' +7 from previous assessment

RECOMMENDED NEXT STEPS

- Schedule a follow-up session to discuss progress on employment goals and recovery.
- Identify and connect Marc with resources for OSHA certification.
- Encourage Marc to reflect on and celebrate his achievements to reinforce motivation.

PATTERN INSIGHT

Marc's increase in recovery capital aligns with his sustained recovery and full-time employment, illustrating the positive impact of both domains on his overall well-being.
